GREECE COMES TO TERMS

Constantine Agrees to Comply With Demands of Admiral Fournet and Not Interfere With Venizelos.

Athens, Wednesday, Oct. 25, 2 p. m., via London, Oct. 27, 10:35 a. m.—The understanding reached yesterday by King Constantine and representatives of the entente powers generally is believed to be the immediate result of the conference of the military and political leaders of France and Great Britain at Boulogne on Friday last. The terms of the understanding include on the part of Greece:

1. Sincere compliance with the demands of Admiral Fournet.
 2. Effective maintenance of order in Athens and Piræus.
 3. Guarantee of constitutional liberties to Greeks through the operation of the legal functions of their government.
 4. No opposition to recruiting for the Venizelist movement, which now is characterized as "anti-Bulgarian" instead of "national defense."
- The Forward, the royalist organ, today strikes the keynote of the situation asserting: "The Boulogne conference has opened the way to a larger understanding between the powers and Greece."
- One of the leaders of the Greek pro-war party declared to The Associated Press correspondent: "Now that the irritations due to mutual distrust of one another by King Constantine and the entente ministers is out

NAME STREET FOR CLARKE.

Senator Honored by Municipal Board in Manila.

Manila, Oct. 27.—The municipal board has voted to name a street in honor of Senator James P. Clarke of Arkansas, author of the Clarke amendment to the Philippine bill in the United States congress under which the island would have been given complete independence in four years.

The Clarke amendment was voted down in congress and the Jones bill creating the Philippine senate in place of the former commission, as substituted.

SPANISH SUBMARINE O. K.

Fulfills All Requirements, Fore River Company Learns.

Quincy, Mass., Oct. 27.—The Spanish submarine Isao Peral, which was constructed here, has fulfilled every contract requirement, according to word received here today by her builders, the Fore River Shipbuilding Corporation. Speed on the surface was said to exceed fifteen knots and more than ten and one-half knots submerged.

The Isao Peral is now going through a training period to allow her Spanish crew to become thoroughly accustomed to the vessel.

CROWDS OUT TO SEE PRES. WILSON

Greeted at Many Points Along Road on Way Home

On Board President's Special, Grafton, W. Va., Oct. 27.—On his way from Cincinnati to Long Branch today, President Wilson made several brief stops in West Virginia and Maryland, to shake hands with people gathered at the railroad stations. He is due to arrive at Shadow Lawn at 10 o'clock tonight.

The president's only remaining trip away from Shadow Lawn before November 7 will take him to Buffalo November 1, and to New York city November 2. In addition he plans two more speeches at Long Branch, one tomorrow and the next November 4.

In his speech last night at Cincinnati the president reiterated his advocacy of a league of nations to maintain peace. "Other nations owe it to a decent respect for the opinion of mankind to submit their cases to mankind before they go to war," he said, "and I believe that America is going to take pride in the days to come in offering every dollar of her wealth, every drop of her blood, every energy of her people, to the maintenance of the peace of the world upon that foundation."

The president outlined his conception of the problem before the nation as follows:

"Are we going to keep together and move forward, or are we going to divide and scatter and move backward? Do not let any man lead you who walks with his head over his shoulder, harkening back to things many of which had better be forgotten, but follow the men who are looking forward, whose eyes are lifted to a great destiny, which belongs only to America. Follow the men who do not ask what is your race, what is your religion, who do not even ask what is your politics, but simply say, 'men and brethren, we are all Americans, we all have the same purpose, we all have the same privilege, we all rejoice in the anticipation of the same destiny, let us see that our hearts are close to each other, and then all the forces of the world cannot withstand the mass and movement of this great people.'"

Cleveland, O., Oct. 27.—Republican headquarters announced today that Col. Theodore Roosevelt will speak here Thursday evening, November 2, in behalf of the candidacy of Charles E. Hughes.

Boston, Oct. 27.—Charles E. Hughes left Boston early today for a two day campaign in New York state.

REJECT LIEBKNECHT PETITION

Committee Rejects Request of Social Democrats to Suspend Proceedings Against Convicted Socialist Leader.

Berlin, Oct. 27, via London, 10:05 a. m.—A committee of the Reichstag has rejected the petition of the social-democratic majority that proceeding against Dr. Karl Liebknecht be suspended during the session of the Reichstag.

Dr. Liebknecht was sentenced for military treason. While his appeal was pending another court martial began action against him on the ground that he incited soldiers of the Thorn Garrison to rebellion.

MAY MARRY AND TEACH.

Berlin School Authorities Issue Edict to This Effect.

Berlin, Oct. 27.—The magistracy and schoolboard of Berlin-Schoeneberg have decided that women school teachers who marry during the war shall be retained in office and receive the pay drawn by them before. It will also be endeavored to secure for them the increased pay granted from state funds for length of service. The authorities explain that "the situation created by the war makes it more and more requisite to encourage marriage."

Schoeneberg's action is a step in advance of any other Prussian city. Others, including Berlin proper, permitted women teachers married to soldiers in the first days of the conflict to retain their positions, but they have not gone farther. Scientific men are advocating the removal of any limitation on the marriage of women teachers. Dr. Felix Theilhaber, a well known authority on social and sociological subjects, recently directed attention to the fact that nearly 20 per cent. of all women in Berlin forty years old are single, a number almost double that of a generation ago.

ELLIOTT HEADS HARVARD ALUM

Cambridge, Mass., Oct. 27.—The election of Howard Elliott, president of the New York, New Haven & Hartford railroad, as president of the Harvard Alumni association, was announced today. William C. Boyden of Chicago, and William Hooper of Manchester, Mass., were chosen vice presidents; R. H. Gardiner, Jr., of Gardiner, Mass., treasurer, and Roger Pierce of Milton, general secretary.

BACK TO NORWAY MOVEMENT.

Chicago, Oct. 27.—A "Back to Norway" movement is in progress among young Norwegians in Chicago and the northwest, according to statements of labor agents. If the European war has brought such prosperity to Norway, it is said that industries there are suffering under a labor famine. Norwegian industrial concerns are advertising in Chicago for help. During the last month more than 200 workmen have returned to Norway from Chicago alone.

Once Navy's Only Submarine, Now Playground For Children

ONCE A SUBMARINE, NOW A CHILDREN'S PLAYGROUND

This queer looking craft, looking altogether unlike the newer types of submarines in the American, German and other navies, was the first Holland submarine built for the United States navy. It was photographed a few days ago in Philadelphia, where it lay like a stranded

whale in an empty lot opposite Franklin field, before being taken to New York for display at an exposition. The youngsters seen playing in the interior and on top of the queer craft are pupils of a nearby school who found the submarine a "dandy" playground. It appealed strongly to their imaginations.

WILSON STRONGER IN BETTING RING

Hughes Backers Beginning to Expect Odds on President

New York, Oct. 27.—Conditions governing election betting changed so rapidly yesterday that several large pools of money all over \$10,000 that were brought to Broadway last night were held back by those having them in charge because they said they expected those having money to bet on Wilson would give odds by today or tomorrow.

There was a great increase in the amount of Wilson money and scores of bets were made on even terms. In Wall Street the Hughes backers, who several weeks ago were offering as high as 2 to 1 demanded even money, while the men who had most of the Wilson money asked odds. Several small bets were made on Hughes, amounting in all to \$20,000 were made at even money, and about \$30,000 more was bet at odds of 10 to 9 in favor of Hughes. It was reported by several betting commissioners that the Hughes backers were waiting to get the best odds obtainable. Edward McQuade, a betting commissioner, said most of the wagers he had placed had been at odds of 10 to 9 in favor of Hughes, with a few at even money.

An offer of \$2,000 even was made that Wilson would win in Ohio, and a bet at 10 to 8 that Wilson would carry the State. There were no bets on the curb yesterday as to the standing of the presidential candidates in New York City was reported with 50 takers. Several small bets were made at 9 to 5 that Whitman would be re-elected governor although the prevailing odds were 2 to 1 on Whitman to beat Seabury. There were offers of odds of 2 to 1 and even greater that Calder would be elected senator, with no response from the democrats.

Fred Schuman, the Brooklyn betting commissioner, said he had put between \$2,000 to \$3,000 yesterday at even money on the presidential election. He quoted odds of 8 to 5 on Whitman to beat Seabury and said that several wagers had been made at 7 to 5 that Hughes would carry New York state. He said he had Calder money at 5 to 1, with no takers. He also said wagers had been made at 6 to 5 that Kings County, famed as independent, would go to Wilson.

At Conside's, Forty-second street and Broadway, it was said that the betting was more vigorous than for many years. The most striking bet yesterday was made as the result of a remark by a well-known sporting man that it was certain Wilson would win with the presidency and Whitman the governorship. He was taken up and bet \$10,000 to \$14,000. Several bets of 7 to 5 were made that Hughes would carry New York. Along Broadway there were some broad smiles yesterday for persons who had made large wagers on Wilson at 1 to 2 had covered up by making bets on Hughes at even money. Of course, they stand to win if Wilson does, and if Hughes wins they will come out even. At Keen's Chop House in West Forty-fifth street it was reported that among actors many bets have been made since the betting became even. De Wolf Hopper was reported to have placed \$800 against \$1,000 that Wilson would win.

BANG! ANOTHER HYPHEN BITES DUST

Roosevelt Keeps Gun Pointed at Suspects in Our House

Chicago, Oct. 27.—In the midst of a strenuous day of campaigning, Theodore Roosevelt yesterday afternoon addressed a large audience composed exclusively of women and urged them not to be misled by the argument that President Wilson has kept the country out of war, which has been used by the democratic campaign managers to win women's votes for the president in the suffrage states. The audience, which filled the auditorium from pit to topmost gallery, responded with shrill cheers. It was one of the most enthusiastic audiences Colonel Roosevelt has addressed since he started out to campaign for Hughes.

The colonel reached Chicago in the afternoon, after campaigning through Iowa and Illinois, and was lustily cheered by thousands at the Union station. He rode to the Congress hotel through a long lane of cheering men and women. At the hotel there was another demonstration. It was an old-fashioned Roosevelt welcome all through.

The ex-president in the evening addressed 17,000 people in the Pavilion in the stock yards district. He discussed Mexico, the Adamson eight-hour law, preparedness and the tariff. The labor element predominated at the meeting.

Be Gone, Muzzle. While his train was rolling across the prairies, on its way from Denver, the colonel received word that the republican leaders here, nervous lest he should say something on the hyphen question that would alienate the German-American vote, were anxious to induce him to put on the soft pedal in any remarks he might make on that ticklish subject. Sure enough, when the train reached Cedar Rapids, emissaries from Chicago came aboard and began to "reason" with him. The colonel refused to be "reasoned" with and, according to one report, even threatened to quit the campaign gathering than be muzzled.

In his speech to the women at the Auditorium he hit the hyphenates hard and received round after round of cheers as he pleaded for a 100 per cent. patriotism, and an undivided allegiance. He quoted at length from the recent letter of Professor Hugo Munsterberg of Harvard to Chancellor von Bethmann-Hollweg as a striking illustration of the utter impossibility of anyone serving two countries at the same time. He also assailed the President's Mexican policy.

DOWN WITH MILITARISM.

Mexico City, Oct. 27.—An order has been issued by General Alvaro Obregon, minister of war abolishing the title and position of "Jefes de las armas" throughout the republic. This is taken here to mean one of the initial steps in the diminishing of military control throughout Mexico. Heretofore the powers of the Jefe de las armas or military commanders superseded those of the civil authorities and judges. Hereafter, according to Obregon's decree, the commanders of garrisons will have authority over their own men only and will not deal in any way with the civil administration. Those who have been acting as administrators without military command have been ordered to rejoin their regiments or brigades at once.

TEACHER'S CONVENTION IN FOUR CITIES

Schoolma'ams Gather for Seventieth Annual Convention

New Haven, Oct. 27.—Public school teachers of Connecticut, laying aside for a day the immediate cares of the school room, gathered in four cities of the state today for the seventieth annual session of the Connecticut State Teachers Association. The meetings were held at New Haven, Hartford, Norwalk and Norwich and in each gathering the same general procedure was followed, a general session at which the broader aspects of educational problems were discussed by various speakers, followed by section meetings, when more detailed discussion took place.

Governor Martin G. Brumbaugh, of Pennsylvania, was the speaker at the general session in Hartford, at the corresponding meeting in New Haven Calvin N. Kendall, commissioner of education of New Jersey; at Norwalk, Grace C. Strachan of New York, and at Norwich, President Marion L. Burton, of Smith College. Later in the day President Burton went to Hartford from Norwich and addressed the gathering there.

The business meeting will be held Nov. 4 in this city, at which time amendments to the constitution are to be considered. These will include provision that the October meetings be held alternately at Waterbury, New Haven and Norwich, and at Bridgeport, Hartford and New London; that ten delegates be chosen at each of the gatherings to attend the annual business meeting; that the annual business meeting shall be held on the Saturday following the day of the October meeting and that three meetings in February of each year alternately in Hartford and New Haven.

Meeting in Hartford.

Hartford, Oct. 27.—Hundreds of school teachers and educators attended the Hartford sectional meeting of the State Teachers Association in this city today. There were several simultaneous sessions, all being held in various rooms in the high school building. Addresses of welcome were made at the main opening meeting by Governor Holcomb and Mayor Hagarty.

An address on "The place of the teacher in a democracy" was delivered by Governor Martin G. Brumbaugh of Pennsylvania. Other speakers of note at sessions throughout the day were, Marion L. Burton, president of Smith College; Thomas M. Balliet, dean of school of pedagogy, New York University; J. L. Riley, Columbia University; Caroline Crawford, Columbia University; Dr. Benjamin R. Andrews, Teachers' College; E. R. Hawley, State Normal school, Westfield, Mass.; Robert O. Small, Massachusetts board of education; Ernest B. Kent, department of manual training, New Jersey. One of the important subjects considered was "Military instruction in American high schools," discussed by President Flavel S. Luther of Trinity College, Hartford; George B. Chandler, compensation commissioner; Anson T. McCook, Hartford lawyer, and

Wilbur F. Gordy, president Hartford board of education.

Mayor Welcomes Teachers.

Norwalk, Oct. 27.—The seventieth annual gathering of the Connecticut State Teachers association held one of its four scheduled sessions in South Norwalk today. Mayor Carl Axel Harstrom welcomed the delegates and Strong Comstock, of Danbury, responded. Calvin S. Kendall, New Jersey commissioner of education, spoke on "Realizing the purposes of education," this morning, and Miss Grace C. Strachan, of New York, made an address on "Salaries and Pensions" this afternoon.

In addition to these there were various section meetings, at which addresses were made by well known educators, followed by discussions and queries. Dinner was served in the various churches of the city.

BISHOP TUTTLE HONORED

Protestant Episcopalians Dedicate Site of New Church to Commemorate Golden Jubilee of His Election.

St. Louis, Oct. 27.—Committees from the two houses of the general convention of the Protestant Episcopal church, in convention with the final session today, dedicated a site for a church to commemorate the golden jubilee of the election of the Episcopate of the Rt. Rev. Daniel S. Tuttle of St. Louis, presiding bishop of the church. Addresses were made by the Rt. Rev. William Lawrence, bishop of Massachusetts; George Wharton Pepper of Philadelphia and Bishop Tuttle.

With the legislative business of the convocation virtually disposed of, delegates to the convention spent the day clearing away routine matters. Late today the house of bishops will meet with the house of deputies for the reading of the triennial pastoral letter from the upper body, its official message to the church. It has been announced that, differing from the usual pastoral letter upon ecclesiastical subjects this year's communication will bear upon world political conditions.

JAPS REFUSE HONORS.

Leaders of Nipponese Government Want no Decorations.

(Correspondence of The Asso. Press.) Tokio, Sept. 23.—A sensation has been caused in Japan by the refusal of two prominent Japanese to accept decorations granted by the emperor in connection with the war with Germany. The recipients are Yosaburo Takekoshi, a well known journalist, who was a member of the Diet last year and Masutaro Takagi, who is now a member of the house of representatives. They base their refusal upon the fact that, as members of the Diet, they are the representatives of the people whose duty it is to watch over the work of the government. They hold that acceptance of a decoration is against the spirit of the constitution and almost in the nature of a bribe. Also, they declare that it is improper to accept honors while the war in Europe is still raging, merely because the Japanese troops had been victorious at Tsing-tau. A government official insists that it is not within the power of any Japanese to decline an honor bestowed by the emperor.
